

## Summer activities in "Bubyan"

On June 28<sup>th</sup>, the Communication and Services Department prepared the "Tele Match" competitions in the Bubyan Summer Activities Program. These competitions are prearranged several times each summer within the Bubyan entertainment activities for employees and their families to enjoy the best of times.

Amongst the important activities are competitions for children in the swimming pool, and many other activities for young people. In addition, competitions and recreational events are organized for all participants of different age groups. The sports and training courses are the most played by employees and their children, especially swimming, karate and computer games. At the end, valuable prizes were distributed to the top winners in the competitions to create an atmosphere of enthusiasm and encouragement for sports activities and exercising.

Throughout the summer, activities will continue at the Bubyan Club in the center of enthusiasm and welcoming by employees and their children. Private days will also be organized for women and the participants in the sports will be grouped according to age groups in order to manage the club's and the participant's needs.

The club offers a unique social role in bringing employees together and strengthening their relationships. The Department of Communications and Services positively addresses the requirements of the employees to create a pleasant atmosphere for all, encouraging employees and their families to attend and enjoy the activities and services provided by the club.
